"Out six, back three, out six again"

1

Insert and Draw Out

Insert the needle and draw it out six threads further on.

2

Carry the Thread Back

Carry your thread back, from left to right, and insert the needle three threads back from the point where it was last drawn out.

3

Bring It Out Beyond

Bring the needle out six threads beyond.

Practise until your fingers remember it. — Widow Maker · wmc.penguinboisoftware.com · a PenguinBoi Network show
